Compulsive desire is all the rage, and some people are ready to go to any ends to get what they want. Gotta, gotta, have it, whatever the price anyone pays. So, be sure that you don't get in between the desirer and the desiree. On the other hand, this is the aspect of unbearably overwhelming passion when put into effect.

**Moon Enters 9th House**

**Natal: Dolly Parton**

Fleeting glimpses of larger things may come within view, but without time to follow up fully. Best to take notes on most relevant generalities, see how it may have changed by the same time next month. Big things take time.

**Mercury Sextile Neptune**

The messages of the spirit are clearest when you are not directly seeking them. So it is now that wisdom unheralded and unnoticed displays itself around you. A special comfort in the world around comes from knowing its secrets without shouting them. A quiet word and a knowing glance tell all.

**Venus Conjunction Sun**

**Natal: Dolly Parton**

You are an object of desire more than you might think right now, so find out who's wanting you and meet the need. The beauty of your heart is particularly apparent and you should do your best to live up to the appearance. Being what people want can be a burden as well as a blessing, but enjoy your status and reflect on it.

**Venus Enters Aquarius**

Everything is worth a try for the next few weeks, and branching out to have a little of each is what it's all about. That of course includes taking the banal with the sublime, and if mixed tastes are not your style you may want to tread water for a while. On the other hand, there will be some dishes up for grabs you wish you'd known about earlier, so don't turn a blind eye.

**Moon Enters Gemini**

Words abound and messages fly for the next couple of days, when talk will be cheap but follow-through may not be. It's a good time for making new contacts and developing old ones, and for putting your finger on feelings that have been waiting the right kind of expression. Say what you mean, but don't be afraid to change it, refine it, on the fly.

**Moon Square Moon**

**Natal: Dolly Parton**

It may be easy to get into a debate, as there's an edge of contentiousness upon you, but if you do, make it about issues and not personalities. Your first instinct or reaction may need refining, so don't put your bets on the first hand you are dealt. Patience with yourself and others will reveal what cards to play.

**Moon Enters 10th House**

**Natal: Dolly Parton**

Quick lunar transit brings passing notoriety, an unexpected word from without that lets you know they're watching you, and not always when you're expecting it. When you raise your flag, anyone can see it, and often does, but not often with import.

There is an opulence in good taste that surpasses grandeur, and the key to satisfaction is not how much you have but what you do with it. Taking just what you need to feed your desires makes for a gentle spiral of growth and gratification. By making it just so, the afterglow of contentment lingers on.

**Mercury Opposition Mars**

Natal: Dolly Parton

Don't wait to refill until you hit "reserve" on your inner gas gauge, it may not be working as well as you think. Figuring out when you're about to be tapped out or have more to go should be left to your body. When you're tired, rest, recharge, and don't push yourself to the limit until you have a more realistic idea of what those limits are.

**Mars Trine Neptune**

Natal: Dolly Parton

If you can dream it, you can do it, or at least that's the way it feels. Energy expended for wish fulfillment and higher callings is never wasted, especially if you stay the course. Even if you seem to lose your way from time to time, you've got enough extra to explore all the possibilities of the journey.

**Mercury Opposition Saturn**

Natal: Dolly Parton

It's hard to be sure-footed if you can't find your feet. That may seem a chronic problem as the ground gives way unexpectedly thanks to insufficient input and knowledge of the terrain. Take that into account and don't rush into things until you've double-checked your footing and you know what and whom to rely upon.

**Moon Enters Cancer**

Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.

**Sun Enters 5th House**

Natal: Dolly Parton

Solar fertility peak here tends to make this the most enjoyable time of the year, despite obligations. Creativity and the fun urge is hard to contain and spills over to lighten the humdrum. Roll with it now and take notes so you can develop, bank on it later.

**Moon Enters 11th House**

Natal: Dolly Parton

Personal acceptance is a step beyond the norm and it gives you a boost, a flirtation with excellence that can fill out if followed up after. If commitment backs off, however, let it -- it's not something you can pin down if it chooses to flee.

**Moon Opposition Sun**

Full Moon brings fruition, but also high emotional tides; what you do now may turn out to have been overdone when you look back on it. Deals sealed now may swing erratically later on, but if kept under control will be fat and fruitful. This is the time for plucking the fruit from the tree, not planting one.

High mental energy burns hot, a real brain boiler. The trick is to keep up with everyone without missing a stitch or dropping the ball. Great ideas abound, but don't buy everything you see until you give it a second, cooler look. Everyone can be too close to the subject to realize that what recommends it is only the heat of the moment.

**Moon Opposition Sun**

Natal: Dolly Parton

This is the time during the lunar month that is closest to the "pits." Most likely time to catch cold, get overlooked, find yourself ignored. Energy is low and efforts are more ineffectual than usual -- either push twice as hard or take the day off and wait for improvement. You'll be back in style in no time.

**Moon Enters Leo**

Creative and uncensored feelings can make for an almost party atmosphere if you follow the flow and avoid the usual impediments for the next couple of days. The world is looking for a lover, and you can put yourself into that picture however you choose. Make a breakout, or just let the rising tide carry you along.

**Mercury Rx into 4th House**

Natal: Dolly Parton

Ideas for rearranging and tightening up affairs at home can save you repetition and cleanup. Home is where the heart is only when you put your head into it, too, so bat around some new approaches, operating rules that can make life more comfortable for all.

**Mercury Conjunction Mercury**

Natal: Dolly Parton

This is a very centering time for the mind. A chart cast for this moment will paint a picture of your mental map for some time to come. Pull your focus together, sharpen your wit, and jot down a description of just how you've got your life figured out, who the players are, who needs talking to, what needs further analysis. Take stock.

**Mercury Trine Uranus**

Original ideas find a home and progress is easy on all fronts for those who get in gear and make something of it. What was obscure before is obvious now, but it will be history soon if it's not exploited, so get on your own bandwagon before someone else takes it over. It's Thomas Edison time (or Bill Gates?), exploit the moment.

**Mercury Trine Ascendant**

Natal: Dolly Parton

Let your mind roll on, as creative thoughts and new concepts expand your outlook and introduce you to new games to play. An element of mischievous fun is the very thing to turn the ordinary into the extraordinary, and your ability to put your finger on the button is what keeps the whole game in motion.

**Moon Enters 12th House**

Natal: Dolly Parton

Skulduggery may be afoot and you may get just enough of a peak to take precautions, but not enough to be really sure of its focus. Sudden decisions now can turn to disaster easily, so cover perimeters, wait for the action.

The energy to do what it takes to get what you want is easily at hand, so take a big scoop and enjoy. Effortless give and take are in the atmosphere, so seek out mutually beneficial moves and plug right in, no struggle necessary. Projects or commitments begun now will turn out joyful and eminently satisfying for all.

**Venus Trine Neptune**

Natal: Dolly Parton

Put your dream factory into high gear and your imagination will find fertile ground wherever you turn. Others find your fantasies familiar and will buy into them if you're willing to share. Mystery makes you magnetic, so cloak yourself in illusion -- people love a puzzle, so go ahead and provide one.

**Moon Enters Virgo**

If you regularly pick up each stitch, you won't be tripped up over the next few days. If not, watch out for entanglements in small print and minor details that suddenly loom larger if you overlook them. The feeling of a job well done awaits you, but only after you do it. If you're ahead of expectations, you'll have it locked up tight.

**Moon Conjunction Moon**

Natal: Dolly Parton

A good time to wind up projects, particularly emotional ones; this point of completion bears the next month's beginnings and allows you to regear to start things up anew. Look ahead at the next few days to see how quickly to reengage or just take a break. Consult your Lunar Return chart to see what the next month will bring.

**Venus Opposition Pluto**

Natal: Dolly Parton

If you don't get what you want in one place, don't try to beat down the door trying to get in. Move on and try something else. Your determination should lie in the search, not fixated upon one entry alone. If one door won't open, the next will -- it's not the door, it's whose inside you need to court.

**Moon Enters 1st House**

Natal: Dolly Parton

Monthly lunar peak gives momentary boost to ego and confidence, a brief reminder of how good you can be when you're on. Observation now will let you do it with greater regularity -- shine, but remember how you did it so it becomes a habit.

**Mars Stationary Direct****Moon Enters Libra**

Give and take are what's expected for the next couple of days, so expect to mix it up if you're going to make much headway. That doesn't mean conflict, just active participation and the willingness to change and be changed from moment to moment. It's what both love and war (and business) are made of, you choose the game, and the playing field.

Fortune smiles on health and wealth, but a little elbow grease to help it along will double your dividends. Take a free ride when it's offered, but be willing to do your part to make it easier for all. It will do your reputation good to be known as someone who remembers who helped when times were harder.

**Moon Enters 2nd House**

Natal: Dolly Parton

Lunar finance peak brings a flurry of monetary activity, perhaps a quick find or mini-crisis, but it passes quickly. Keep its brevity in mind so you don't lay heavy bets on a passing fancy, unless other longer-range cycles are much in focus with this as trigger.

**Venus Trine Uranus**

Natal: Dolly Parton

A flow of continuously new and original approaches make you ever more attractive, and you can feel free to improvise wildly and find an assured audience. Be the variety that is the spice of life and you'll have the time of your life, guaranteed. Stay on the edge, and the rest will follow.

**Venus Square Uranus**

One experiment leads to another, and the further you push your tastes, the less they seem to satisfy. In general, situations arising today can lead to pushing the envelope of desire without getting the satisfaction everyone is looking for. If you can't seem to get what you want, you may actually be happier with simpler fare.

**Moon Square Sun**

Uncertainty and shifting grounds can mark the day's outcomes, and confidence may retreat in the face of a challenge. Confrontation is the wrong game to play, but pulling out entirely is equally unsuitable. Make judicious compromise now and the resulting situation will improve, but don't chase diminishing returns.

**Moon Square Sun**

Natal: Dolly Parton

Things are not as in tune as they might be, but resolution and progress are possible through mutual recognition and compromise. Impact priorities and be ready to give on small points in order to gain on the large ones. Competition can be strong, but it makes you stronger, and this is where you earn respect and trust.

**Moon Enters Scorpio**

The plot thickens, or seems to, for the next few days, as an atmosphere of open intensity and perhaps hidden agendas raise passions and lower shades to facilitate what goes on behind closed doors. Shallow and breezy won't do, but when everybody's trying to play the heavy, take the melodrama with a grain of salt.

**Mercury Square Neptune**

Natal: Dolly Parton

Trying to explain your way out of a hopeless situation is in itself hopeless, so don't waste the effort. If things get just too lost and confusing, pull out and try something else. Misleading information is likely the cause, so don't apologize for not cooking the meal when you don't really have the right ingredients.

Natal: Dolly Parton

Telephone storm, hasty social get-togethers, and communication overloads come and go. A good time to get quick points across with maximum brevity so it all fits in and is clear in the future -- wasted words come all too easy here.

**Venus Enters 6th House**

Natal: Dolly Parton

Personal beauty and health care will get you everywhere, infusing a new sense of health and energy. Pamper yourself, and others will join right in. Focus on the work you like for the moment and you'll like work in general a lot more down the line.

**Moon Enters Sagittarius**

The first reaction all around is a good laugh, especially when people are surprised by the open truth. For the next couple of days, honesty is a pleasure and has crowd appeal, too, so don't be afraid to speak out without taking yourself too seriously. Big ideas are favored, but may be slim on details.

**Moon Square Moon**

It may be easy to get into a debate, as there's an edge of contentiousness upon you, but if you do, make it about issues and not personalities. An eye to your back-up, extra fuel tanks, and general supply lines marks this lunar transit -- making sure that things are in control back on the farm (they may let you know, for sure, at this time!). Resolving issues at your rear allows for the next advance.

**Sun Conjunction Sun**

Natal: Dolly Parton

This, your birthday season, is a yearly time of high energy; the way you organize yourself now will greatly reflect upon the coming year, so step out and strut your stuff with a will. Make up now for the lost time you'll face six months from now at solar low. Consult your Solar Return chart to see what the next year promises.

**Moon Enters Capricorn**

Everybody is into getting down to business for a couple of days, though that may not guarantee any business gets done. It's all about the proper attitude, however, so be cautious how you let your hair down, lest you be thought too frivolous. Showing all your feelings isn't the happening thing, for the moment, so tuck it in and toe the line.

Groupthink and inclusiveness analysis are very much the mindset for the next month, which can broaden horizons but limit your individuality. You'll do better at least temporarily as a team player, but don't forget yourself in the technocracy of the moment, as when general moorings are lost, you'd best have your own.

**Moon Enters 5th House****Natal: Dolly Parton**

This is a good time to let your hair down and enjoy before someone else lets it down instead. Let urge carry you, as tight schedules will get snarled if you fight it. R&R is not just time off, its renewal, putting more in the pipeline on return.

This is the time of the lunar month when you get an extra boost of physical energy, from your ego on out. This allows you to carry yourself farther and ride the crest of the wave that extra distance. Things play in your style, so you don't have to strain. For a couple of days, you've got extra cards, so play them.

**Moon Enters Aquarius**

Being all things to all people is what it's about for the next few days, which can cramp those with a one-on-one heart-to-heart style. Cool sincerity is in the air, and lukewarm may be mistaken for (or preferred to) hot. A great time for negotiations, but you may want to put off headlong passion until there's more fuel for the flame.

**Moon Conjunction Sun**

New Moon is the very time for giving up the old and ringing in the new, re-bundling your energies into another package. Commitments made now are intense, all-eggs-in-one-basket, but give them time to develop and to get their bearings. Time for laying cornerstones, the walls and rafters come later.

**Moon Enters 6th House****Natal: Dolly Parton**

Time for quick housework to restore order, smooth operation inside and out. Reestablishment of regimen lets each path run unobstructed, snarls and tangles won't appear to begin with, so take the short, but tedious, time it takes to do it.

Beauty on a budget takes its lessons from bygone days when folks were less wasteful and more resourceful. Clean lines, conservative colors, and classic sensibility paint the picture of what succeeds best right now. Love grows more intense when it is brought into tight focus, and simple altars best praise the gods.

**Moon Enters Pisces**

Shifting sands of feeling abound for a few days, which make hard decisions difficult but ferreting out intuitive revelation easy. You won't find so much hard commitment going around, but the soft underbelly of hidden feelings and backdoor admissions are open to the touch. Probe gently, find the waiting pulse.

This internal full Moon makes you best inclined to gather the fruits of the last couple of weeks and making the best of the harvest. Projects should have adequate input by now and be winding toward completion, filling in details for next two weeks. The crop is out, now it's time to start tending to the harvest.

A continuing and rising demand for your latest concoctions is dependent on your ongoing output. Don't scrimp now -- be a fountain of creativity and optimism and you'll have plenty wanting to come along for the ride. Reward depends on delivery, so make sure you've got lots to distribute on demand.

Lots of advice, attempts to influence you can co-opt your direction, but hold your own only if you really think appropriate -- the other side might be right, and now's the time to try it out without long-term commitment.

**Moon Enters Aries**

Events pick up pace for the next couple of days. The early bird definitely gets the worm, so if you're in competition, get your bid in first. The challenge is to be quick, yet avoid being premature so you don't have to do it all over again down the line. Nevertheless, it can be a fresh breeze all around, awake with energy.

The more ethereal the better for a few weeks, and if you can't quite put your finger on it, that's just what everybody wants. The elusive, mysterious, and hard to get or understand are what's on the general menu, though satisfaction may be hard to find afterward. But just the right taste could lead straight to heaven.

Look before you launch a retort or profess an opinion, as your reactions may not be exactly what's desired by the more critical around you. Fertile ground for your feelings is available, however, if you take care to avoid the rocky patches in-between. Don't waste emotional resources on the unappreciative.

**Moon Square Sun**

Things are not as in tune as they might be, but resolution and progress are possible through mutual recognition and compromise. Impact priorities and be ready to give on small points in order to gain on the large ones. Competition can be strong, but it makes you stronger, and this is where you earn respect and trust.

**Moon Enters Taurus**

The next couple of days can be solid launching ground for anything you choose to embark upon, especially if it's down to earth to begin with. The time to be hasty or flighty has flown, the atmosphere favors practical beauty, the grace of being in touch with nature itself. Simplicity works, traditional fare is ever elegant.

**Moon Square Sun**

Uncertainty and shifting grounds can mark the day's outcomes, and confidence may retreat in the face of a challenge. Confrontation is the wrong game to play, but pulling out entirely is equally unsuitable. Make judicious compromise now and the resulting situation will improve, but don't chase diminishing returns.

**Moon Enters 9th House**

Fleeting glimpses of larger things may come within view, but without time to follow up fully. Best to take notes on most relevant generalities, see how it may have changed by the same time next month. Big things take time.

**Mercury Trine Ascendant**

Let your mind roll on, as creative thoughts and new concepts expand your outlook and introduce you to new games to play. An element of mischievous fun is the very thing to turn the ordinary into the extraordinary, and your ability to put your finger on the button is what keeps the whole game in motion.

**Mercury Trine Uranus**

Original ideas find a home and progress is easy on all fronts for those who get in gear and make something of it. What was obscure before is obvious now, but it will be history soon if it's not exploited, so get on your own

bandwagon before someone else takes it over. It's Thomas Edison time (or Bill Gates?), exploit the moment.

Words abound and messages fly for the next couple of days, when talk will be cheap but follow-through may not be. It's a good time for making new contacts and developing old ones, and for putting your finger on feelings that have been waiting the right kind of expression. Say what you mean, but don't be afraid to change it, refine it, on the fly.

It may be easy to get into a debate, as there's an edge of contentiousness upon you, but if you do, make it about issues and not personalities. Your first instinct or reaction may need refining, so don't put your bets on the first hand you are dealt. Patience with yourself and others will reveal what cards to play.

This is a very centering time for the mind. A chart cast for this moment will paint a picture of your mental map for some time to come. Pull your focus together, sharpen your wit, and jot down a description of just how you've got your life figured out, who the players are, who needs talking to, what needs further analysis. Take stock.

Quick lunar transit brings passing notoriety, an unexpected word from without that lets you know they're watching you, and not always when you're expecting it. When you raise your flag, anyone can see it, and often does, but not often with import.
